Objective

My objective is to advance my career as a researcher, contributing to the betterment of society by actively engaging with the latest technological advancements in the field of computer science and its applications.

Education

09/2022 – 03/2026
Zhejiang University, China
Ph.D. Degree in Software Engineering
Thesis Title: *Research on Generative Frameworks for Realistic 3D Human Motion and Mesh Reconstruction*
Obtained Marks: *640/700 - 91.42%*

09/2019 – 07/2022
Northeastern University, China
Master's Degree in Software Engineering
Thesis Title: *Research on Serendipity-Oriented Personalized Trip Recommendation Model*
CGPA: *3.75/4.00 - 93.25%*

09/2014 – 08/2018
University of Engineering and Technology Peshawar, Pakistan
Bachelor's Degree in Computer Software Engineering
Thesis Title: *Emergency Alert Hospital App*
CGPA: *3.28/4.00 - 82.00%*

05/2012 – 07/2014
Institute of Computer and Management Sciences College, Pakistan
Intermediate in Pre-Engineering
Obtained Marks: *904/1100 - 82.18%*

03/2010 – 04/2012
Al-Abbas Science School and College, Pakistan
Matriculation in Science
Obtained Marks: *926/1050 - 88.19%*

Employment History

10/2024 – 02/2025
Alipay Information Technology Co., Ltd., Intern
Responsibilities: *Conducted research and analysis on embodied intelligence*
Location: *Hangzhou, China*

06/2024 – 09/2024
Hangzhou Pixel Leap Technology Co., Ltd., Intern
Responsibilities: *Researched emotion recognition for mobile app development*
Location: *Hangzhou, China*

10/2021 – 04/2022
BMW Brilliance Automobile Ltd., Intern
Responsibilities: *Developed a web platform for internal team use*
Location: *Shenyang, China*

09/2020 – 03/2021
NEUSOFT, Intern
Responsibilities: *Built an eCommerce platform as part of the internship final project*
Location: *Shenyang, China*

07/2018 – 08/2019
Globalink Logistics, Web Application Developer
Responsibilities: *Worked on the company's ERP system*
Location: *Islamabad, Pakistan*

Semester Projects

04/2017 – 07/2017 **eCommerce Website**
Developed an eCommerce website using PHP with MySQL as the database

01/2017 – 03/2017 **Online Reservations Website for Restaurant**
Built an online restaurant reservation website using WordPress

09/2015 – 01/2016 **Online Ticket Booking for Cinema**
Created an online cinema ticket booking system using VB.NET

09/2014 – 01/2015 **Mobile Shop**
Designed and implemented a mobile shop management system using C++

Honors and Achievements

2026 International Student Honorary Title of Research Excellence of ZJU in Academic Year 2024/2025
2025 Second Position in International Track of the 7th Huawei Cup China AI Innovation Competition
2024 International Student Honorary Title of Academic Excellence of ZJU in Academic Year 2022/2023
2022 Chinese Government Scholarship for PhD Degree
2021 Certificate of NEU Outstanding International Student Award of 2019/2020 Academic Year
2019 Chinese Government Scholarship for Master's Degree
2017 Laptop and Zong Evo Wingle from Prime Minister Scheme for UET Talented Students

Seminar and Conferences

2025 Perceiving China – Doctoral Academic Exchange Conference at Wuhan University
2024 Global AI Technology Conference at the Hangzhou Academic Exchange Center
2016 INARA Seminar for Network and Programming at UET Peshawar Mardan Campus

Skills

Organisational Skills: Presentation and Public Speaking | Active Listening and Perseverance | Teamwork | Written and Oral Communication | Creativity and Problem Solving

Interpersonal Skills: I acquired Interpersonal skills by being involved in planning experiments and communicating the results with my supervisor and teammates.

Coding: Python | PyTorch | TensorFlow | C | C++ | PHP | MySQL | HTML | CSS | JavaScript | jQuery | AJAX | Spring Boot | VB.NET | Vue.js | LaTeX

Frameworks & Tools: MobaXterm | Overleaf | VS Code | Jupyter | Vtiger CRM | Linux

Languages: Excellent: English | Fluent: Urdu, Saraiki | Conversational: Chinese, Pashto
